

Creates Beautiful Stitches

—
Fusion of function and strength.

Reinforced plastic bobbin made in Japan
with excellent durability and strength.

Plastic bobbin now released from JUKI.
Effective in reduction of running idle due
to its light weight.

3 colors
help you manage
thread sizes!

✓ JUKI's new reinforced plastic bobbin will help you to solve the problem.

- 〔 It takes time to adjust the thread tension. 〕
- 〔 Irregular stitches on light-weight materials. 〕
- 〔 Stitching is unstable at high and low speeds. 〕
- 〔 Loose stitches at the start of sewing. 〕

| Reduction of weight |

Since the plastic bobbin is lighter than aluminum and iron, the thread tension is stable at a high level. Furthermore, it realizes beautiful stitching.

| High durability |

Since there is almost no rubbing inside the bobbin case, it is as durable as aluminum and iron.

| Reduction of running idle |

Thread bending that occurs after intermittent stitching or thread trimming is reduced. Needle thread tension at the start of sewing is reduced, and stitching is more stable. It also reduces the effect of the remaining bobbin thread amount on the thread tension.

[Model used: LZ series (3,000rpm) / thread used: resilon thread #60 / bobbin thread tension: 4g]
* Average value displayed.

Applicable model	Set part No. (10 pcs.) Blue	Set part No. (10 pcs.) Red	Set part No. (10 pcs.) Yellow
For lockstitching	40244783	40245124	40245136
For 2-fold hook lockstitching	40244784	40245125	40245137
For 2-needle	40244785	40245126	40245138
For Zigzag/Button hole	40244786	40245127	40245139
For bar tacking	40244787	40245128	40245140
For computer-controlled cycle machine	40244788	40245129	40245141

(Pack of 10 bobbins)
